

**2026 Blue Cross and Blue Shield Service Benefit Plan - Standard and Basic Option****Section 5. Benefits****Section 5(f). Prescription Drug Benefits**

---

**Prior Approval**

As part of our Patient Safety and Quality Monitoring (PSQM) program, **you must make sure that your physician obtains prior approval for certain prescription drugs and supplies in order to use your prescription drug coverage.** In providing prior approval, we may limit benefits to quantities prescribed in accordance with generally accepted standards of medical, dental, or psychiatric practice in the United States. Our prior approval process may include step therapy, which requires you to use a generic and/or preferred medication(s) before a non-preferred medication is covered. **Prior approval must be renewed periodically.** To obtain a list of these drugs and supplies and to obtain prior approval request forms, call the Retail Pharmacy Program at 800-624-5060, TTY: 711. You can also obtain the list and forms through our website at [www.fepblue.org](http://www.fepblue.org). Please read Section 3 for more information about prior approval.

Please note that updates to the list of drugs and supplies requiring prior approval are made periodically during the year. New drugs and supplies may be added to the list and prior approval criteria may change. Changes to the prior approval list or to prior approval criteria are not considered benefit changes.

Note: If your prescription requires prior approval and you have not yet obtained prior approval, you must pay the full cost of the drug or supply at the time of purchase and file a claim with the Retail Pharmacy Program to be reimbursed. Please refer to Section 7 for instructions on how to file prescription drug claims.

Note: It is your responsibility to know the prior approval authorization expiration date for your medication. We encourage you to work with your physician to obtain prior approval renewal in advance of the expiration date.
